[SB17-061 Additional Funding for Charter School Operating Costs](#)/Sen. Angela Williams (D), Sen. Owen Hill (R) and Rep. Lang Sias (R)

**The Chamber supports SB17-061.** The bill seeks to remedy key funding disparities that charter public schools face. Tax revenue collected from all taxpayers in a school district should benefit all public school students in that district and be distributed equally. It is important that all students have the opportunity for a quality education and are prepared to fill current and future jobs. Equitable funding is imperative to providing a quality education. [CLARIFICATION: This bill is specific to Charter school receiving 100% of the per pupil rate and does not specify any other types of schools.]
