**Public Policy Alert: Denver Metro Chamber of Commerce  
releases statement on SB 267**

DENVER—The Denver Metro Chamber of Commerce released the following statement regarding Senate Bill 267:

“We applaud Gov. Hickenlooper, Sen. Lucia Guzman, Sen. Jerry Sonnenberg, Rep. John Becker and Rep. KC Becker for their leadership on Senate Bill 267 and the proposed strike below. In working with their colleagues and stakeholders across the state, they were able to find middle ground that, when passed, will keep our rural hospitals’ doors open, allow the state to invest in transportation and education, fix an accounting glitch to reflect actual revenue growth in our budget and even help small businesses. Compromise and pragmatism do work in Colorado and in this case our entire state will benefit as a result,” said Denver Metro Chamber of Commerce President and CEO Kelly Brough.
