

Infrastructure Committee

DENVER METRO CHAMBER
OF COMMERCE

**1445 Market Street
4th Floor Boardroom
Friday, March 17, 2017
7:30 – 9 a.m.**

AGENDA

I. Call to Order and Welcome (7:30–7:45 a.m.)

- **Brenden McGuire**, *Infrastructure Co-Chair*
- **Jason Dunn**, *Infrastructure Co-Chair*

II. Presentation and Discussion: General Motors' Advancements in Autonomous Vehicle Technology (7:50–8:20 a.m.)

- **Hal Lenox**, *Director Western Region, State Government Affairs, General Motors*

General Motors strives to revolutionize transportation for its customers through the design and implementation of autonomous vehicle technology. The company has more than 40 autonomous vehicles testing in San Francisco and Scottsdale.

III. Presentation and Discussion: Colorado Department of Transportation's RoadX Project (8:20–8:50 a.m.)

- **Peter Kozinski**, *Director of RoadX, Colorado Department of Transportation*

RoadX will use 21st century technology and ingenuity to solve Colorado's current infrastructure challenges due to the recent population growth. They are looking to connect Colorado drivers to smarter roadways and, eventually, autonomous cars. Although we have many steps and years before the majority of us are in fully autonomous vehicles, much of that technology and data can help us all have a safer, faster commute today.

IV. Announcement: 2017 Colorado Transportation Summit (8:50–8:55 a.m.)

- **Tom Lorz & Kathleen Osher**, *Colorado Department of Transportation*

V. Other Business, Announcements and Adjournment (8:55–9 a.m.)

- The next Infrastructure Committee meeting will be on **Friday, April 21st** from 7:30-9 a.m.
