

SUSTAINABLE AVIATION FUEL

AVFUEL Branded TEX Introduces SAF to
Colorado - February 27, 2021
Kenneth Maenpa, Airport/FBO Manager

Sustainable Aviation Fuel (SAF)

TEX is the first Colorado Airport to receive its first demonstrative delivery of SAF on February 27th, 2021

01

Each truckload of AvFuel's Neste MY SAF provides a 22 metric ton reduction in carbon emissions over its lifecycle, which is equivalent to the amount of carbon sequestered by 28.7 acres of U.S. forests per year. SAF is the most effective way to reduce a flight's carbon footprint; and, in the future,

02

AVFUEL is the Airports Alternative Aviation Fuels Provider.
Neste: Manufacturer of MY SAF and is made from sustainably sourced, renewable waste and residue materials – such as used cooking oil and feedstock growth
