

SJR22-008 Colorado Energy Development

SENATE STATE, VETERANS, & MILITARY AFFAIRS COMMITTEE

2:00 PM Old Supreme Court

Virtual Testimony: Support

Good afternoon, Mr. Chair and committee members. My name is Summer Hill, and I'm a government affairs manager at the Denver Metro Chamber of Commerce. I'm here to express the Chamber's support of Senate Joint Resolution 008.

At this moment in time, U.S. energy independence is a strategic imperative. We believe Colorado is uniquely positioned as an industry leader in oil and gas extraction to meet global energy needs. We support this resolution and recognize that Colorado's regulatory standards are best in class.

Thank you for your consideration.
